

# ONLINE REVIEW

Amigos

## HOW-TO

Hola volunteers,

This is a quick guide to leaving an online review for AMIGOS. We encourage you and your families to reflect on your AMIGOS experience, and ask that you consider leaving us an online review.

The process is simple, and should only take a few minutes!

### HOW TO:

#### CHOOSE A PROMPT

Choose a prompt or two from the list below, and think back on your experience.

#### WRITE

Write 3-5 sentences, that's it!

#### VISIT

Visit <http://ami.gs/review> for quick links to each review site. On each site, select "Leave a review."

#### POST

Post your review!  
Optional: You can add a picture or two as well

#### WIN SWAG

When you leave your review, you'll be entered into a drawing to win a gift card or AMIGOS swag!

### Here are some prompts to help you get started:

1. What was the most impactful part of your experience?
2. What did you learn on this program? How will you take that new knowledge, skill, or lesson into the rest of your life?
3. Did you form new relationships (with other volunteers, your project staff, or community members)?
4. What did you enjoy about the location or specific theme of your project?
5. Why would you recommend this program to others?
6. Why did you choose to do AMIGOS over other programs?
7. If you had to describe AMIGOS in three words, what would they be? Elaborate on why you chose those.

### EXAMPLES:

"I went on this trip summer 2019 and it was the best experience of my life. I meet so many cool people from a range of states and countries and I had the opportunity to live with a loving and welcoming host family. The amigos staff was very supportive in our growth and learning and anything else we needed. By living with a host family we were able to fully immerse ourselves in the culture which was one of my favorite parts. I couldn't have had a better experience and I hope to do another Amigos program in the future."

"Spending a month living in Costa Rica through Amigos was the greatest experience of my life thus far. In 2017, I volunteered through Amigos and spent a month living in rural Costa Rica with a host family. The memories I created, conversations I shared, and connections I formed will forever impact my global perspective. No other abroad program is as immersive or powerful as Amigos. At 15, I was able to live in a foreign country, and work with community members on a community based project. I recommend Amigos to anyone that is interested in gaining a broader global perspective and challenging their outlook on life."
